

TYGERPatch Tee & Wye

TYGERPatch: A 360° or Top Hat CIPP Tee and Wye lateral seal system, connecting from the main to the lateral

The TYGERPatch creates a mainline to lateral seal repair, without access to the homeowners property or disrupting live flow in the mainline. The TYGERPatch mechanically bonds to all pipe types. Once installed, the system forms a smooth transition and may be used in a wide variety of configurations. The TYGERPatch is designed to extend 6" into the lateral.
