

# TRENCHLESS PIPE REHABILITATION

## PipePatch Mini System

Repair small diameter pipe  
with trenchless technology

### *Mini PipePatch Repair System : a trenchless repair system for 1½" - 2" pipe*

The mini PipePatch is a no-dig system that rehabilitates 1½" and 2" pipe. This portable system is convenient, cost-effective and time saving to permanently repair supply and/or return lines. Ideal for pools, spas, hotels, hospitals, schools and high-rise buildings where access is limited and requires

extensive tear-up. The mini eliminates the need for digging by utilizing a process that creates a pipe within a pipe with minimal change to the original diameter. Structurally rehabilitating the sewer, PipePatch guarantees an additional 50 year service life.

### Benefits

- Eliminates costly and disruptive excavations
- Repairs return and supply lines
- Only standard sewer cleaning and inspection equipment required
- Avoids landscape tear-up
- Only a small repair crew necessary
- Field tested for over 10 years
- 50 year repair life guaranteed
- Ideal for working in confined spaces
- Resistant to 63+ chemicals and oils
- Non-flammable, nonhazardous, and cures in the presence of water
- Structural properties exceed ASTM F 1216

# TRENCHLESS PIPE REHABILITATION

## Small Diameter Repair Kits

Part Number	Description
FPP-1.5-18W	1½" x 18" PipePatch Winter Kit
FPP-2-18W	2" x 18" PipePatch Winter Kit
FPP-2-12W	2" x 12" PipePatch Winter Kit
FPP-EL2W	2" x 18" Elbow PipePatch Winter Kit

## Small Diameter Repair Packers

Part Number	Description
FPP-PACK1.5-18	1½" PipePatch Packer
FPP-PACK2	2" PipePatch Packer
FPP-PACK2END	2" PipePatch End Packer
FPP-PACK2EL	2" PipePatch Elbow Packer

## Small Diameter Repair Ancillary Materials

Part Number	Description
FPP-REG-ASM-2	2" PipePatch Air Regulator
FPP-WIRE-MP	100 pcs. Green Wire Tie
FPP-PULLCABLE	250' Coated Pull Cable
FPP-PUSHHOSE	10' Push Hose

## PIPEPATCH KITTED SYSTEM

The PipePatch kits contain the necessary pre-measured items to complete a point repair. Each kit includes a fiberglass mat, resin & hardener, packer protection sleeves, spreading spatula, tape, wire ties, work surface and gloves. This process guarantees a successful repair for each customer, eliminating the need for large storage areas and guesswork.
