

# PICOTE FOR PLUMBERS

GAME-CHANGING DRAIN CLEANING AND  
CUTTING INNOVATION FOR ALL PLUMBERS!

[www.picoteplumbing.com](http://www.picoteplumbing.com)

## Specially Designed for Plumbers

The ideal high-speed (up to 2900 RPM) drain cleaning solution for 1/4" to 3" pipes of all types; including those with multiple 90° bends and tricky reinstatements through 2" P-Traps.

The Picote Mini Cleaner not only eliminates the need to carry a hand-held or floor-mounted drum machine, it reduces risk with its uniquely designed flexible outer casing, safety clutch and shielded operator foot pedal.

In addition, it provides a quick and efficient cleaning of blocked drains without the need for excessive water to be added to already flooded systems.

# MINI CLEANER

### Uses & Benefits

- > High speed cleaning (500 to 2900 RPM) of 1/4", 1/2", 2" & 3" pipes even with multiple 90° bends.
- > Clean and reinstate even through 2" P-Traps!
- > Features 50 ft of uniquely designed outer casing and highly flexible shaft that is very durable, chemically resistant and with a high continuous service temperature.

### Significantly safer for operators

- > Customized Safety Clutch as standard - protects the user and improves performance.
- > 50 ft of 1/8" rotating shaft housed inside specialized outer casing that is safe to hold.
- > Shielded footpedal (operator presence control).
- > Lightweight and portable with wheels and stair glides for easy transport. Only 59lbs.

## Take Control

The Mini Cleaner shaft casing is uniquely designed to be highly flexible but also very durable. It is this flexible design that allows you to negotiate 2" P-Traps and multiple 90 degree bends in small pipes to get to where the work needs to be done.

Its flexibility doesn't end there though! Weighing less than 59 lbs along with wheels and stair glides makes for easy transportation and maneuverability.
