

TRENCHLESS PIPE REHABILITATION

PipePatch Pillow System

Point repair for 15"-72"
large diameter pipe

By utilizing the PipePatch Pillow point repair system, contractors and municipalities can repair 15"-72" large diameter pipes in a few hours at the fraction of excavation or pipe replacement costs. With CIPP cutting-edge technology, installers can control the inflation rate in order to create a smooth, professional and permanent pipe repair. Ideal for storm and sewer rehabilitation such as Department of Transportation drains, railway culverts, and interceptors.

- Deflates 72" pillow packer in as little as 18 min
- Integrated fast fill valve bypass regulator to reduce time

Benefits

- Flexible to maneuver
- Eliminates infiltration
- Creates structural repair
- Safe for storm and sewer systems
- Easy navigation within pipe
- Repairs 15" - 72"
- Fast cure time, easy installation
- 50 year warranty
